Summary

Data analyst with a strong mathematical background and experience turning complex data into actionable insights that support evidence-based decision making.

Specialized in urban mobility, vehicle taxation, and public transport data, using Python, SQL, Power BI, and applied statistics to deliver meaningful analytical outputs.

Analytical, structured, and autonomous professional with strong communication skills and the ability to collaborate across multidisciplinary teams.

Technical Skills

Data Analysis Python (Pandas, NumPy, SciPy), SQL, applied statistics
Visualization Power BI, Tableau, Matplotlib, Seaborn
Databases PostgreSQL, MongoDB, Oracle
Cloud - DevOps AWS, Git, GitHub Actions

Experience

icaria Technology

IMPLEMENTATION CONSULTANT

- Analysis of Oracle, MySQL, and PostgreSQL databases to identify sensitive data.
- Implementation of the company's proprietary product.
- Deployment of sensitive field dissociations according to client requirements.

Madrid, Spain

Feb. 2026 - Present

Quipux S.A.

DATA AND QUALITY ANALYST

- Developed an application to identify inaccurate vehicle tax charges and calculate individual and bulk payments.
- Implemented data quality control and assurance processes for subsequent decision-making.
- Updated vehicle characteristics data to enable annual tax collection.
- Maintained automated mass notification processes for taxpayers.

Medellín, Colombia

Aug. 2022 - Aug. 2023

Quipux S.A.

DATA ANALYST

- Automated PDF reports with key performance indicators for the public transportation system.
- Redesigned Power BI dashboards for daily passenger mobility analysis.
- Extracted, transformed, and made mobility data available for analytical consumption.

Medellín, Colombia

Apr. 2021 - Aug. 2022

Academic Experience

Universidad de Antioquia

MASTER'S THESIS TUTOR

- Advised on the development of the master's thesis titled: Computational Thinking as a Resource for the Understanding of Operations with Rational Numbers.

Medellín, Colombia

Aug. 2022 - Dec. 2022

Universidad de Antioquia

MASTER'S THESIS TUTOR

- Advised on the development of the master's thesis titled: Algorithmic Procedures in Problem Solving with Systems of Linear Equations.

Medellín, Colombia

Feb. 2022 - Jul. 2022

Universidad de Antioquia

MATHEMATICS INSTRUCTOR (SERVICE CONTRACT)

- Designed, taught, and evaluated courses in Discrete Mathematics, Differential and Integral Calculus, Euclidean Geometry, and Logic.

Medellín, Colombia

Feb. 2020 - Jul. 2022

Universidad Nacional de Colombia

MATHEMATICS INSTRUCTOR (SERVICE CONTRACT)

- Designed, taught, and evaluated courses in Differential Calculus and Basic Mathematics.

Medellín, Colombia

Feb. 2020 - Nov. 2020

Education

Universidad Autónoma de Madrid

MASTER IN BIG DATA AND DATA SCIENCE: SCIENCE AND ENGINEERING

Madrid, Spain

Sep. 2023 - Feb. 2025

Universidad EAFIT

DIPLOMA IN FRONT-END AND BACK-END SOFTWARE DEVELOPMENT

Medellín, Colombia

Aug. 2022 - Oct. 2022

Universidad de Antioquia

MASTER IN MATHEMATICS EDUCATION

Medellín, Colombia

Feb. 2017 - Dec. 2019

Universidad Nacional de Colombia

MATHEMATICIAN

Medellín, Colombia

Feb. 2011 - Dec. 2015
